TOWER

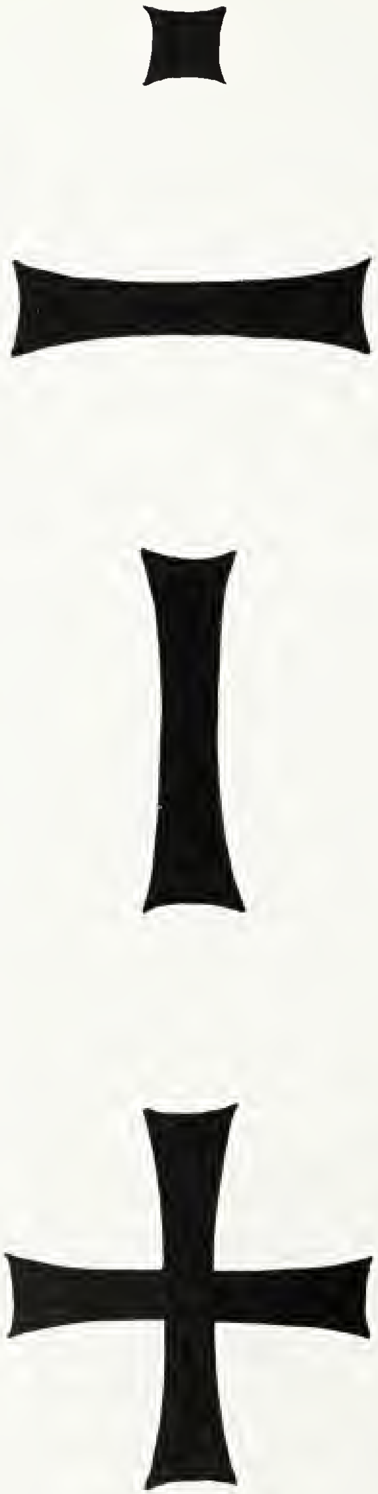
To all who know Manhattanville, the Junior class presents the 1961 *Tower*, with the hope that you find in its pages a ‘reminder to remember’ the people and events that the words and pictures attempt to describe.

There are, however, aspects of Manhattanville which defy realistic presentation, aspects which can only be suggested by the symbolism used throughout the book. Each of man’s traditional symbol’s originates from a point. This point may be extended horizontally, to represent human endeavor; or vertically, a symbol of the assistance of God. The vertical and horizontal coincide in the form of a cross. Just as the symbolism of the cross admits many interpretations in various contexts—each meaning valid in itself and none destructive of another—so too, each more complicated symbol will have a number of meanings, even from the limited frame of reference of life at Manhattanville.



"Love of God has its own Law"—such is the highest freedom and an element necessary for a truly liberal education. Grateful for her concern that we should all discover this, for ourselves . . .

We dedicate the 1961 Tower
